

SIMPLEBEEZ Becomes Latest OneStream Software Implementation Partner

Industry challenger and OneStream partner brings deep domain expertise and extensive implementation experience to the Office of Finance

Prague, Czech Republic, 1 July 2020 – OneStream Software and SIMPLEBEEZ today announced a strategic partnership to transform Corporate Performance Management (CPM) processes for sophisticated organizations around the globe. This new partnership will provide industry-leading software and implementation expertise while driving efficiency in the Office of Finance.

OneStream provides a unified, SmartCPM™ platform, that simplifies and aligns financial consolidation, planning, reporting, analytics and financial data quality. OneStream eliminates the risk and complexity of data integration, validation and reconciliation between multiple products, applications or modules, and makes non-integrated CPM suites a thing of the past.

“We have achieved yet another milestone in our strategy to become a trusted partner for finance transformations at all companies large and small. Ever since being introduced to the OneStream XF platform, we were impressed by the capabilities and opportunities it can deliver. It is not just another tool for the finance team. We strongly believe the OneStream XF platform brings a new dimension to a company’s management and decision-making process,” said **David Štěpán, FCCA**, Partner and co-founder.

“Becoming the first OneStream Software partner in the Czech Republic and supporting primarily the entire Central and Eastern Europe region, gives companies here a huge opportunity to benefit from our help in driving a digital transformation of their finance role towards a stronger partnership with the rest of its business. A single platform concept, the power of a one-stop shop for management decisions and impressive scalability, enables more than just the finance team to unleash their company’s potential. We look forward to working with OneStream Software and are committed to helping our clients fulfill their plans and ambitions,” said **Martin Prášek, CMA**, Partner and co-founder.

“We are thrilled to announce our partnership with SIMPLEBEEZ and extend our presence around the globe,” said Stephanie Cramp, Vice President of Global Alliances at OneStream Software. “We truly believe our shared customers will benefit from this partnership and our mission to deliver one hundred percent customer success. As the needs of our customers are evolving on a global scale, together we will provide a SmartCPM solution that eliminates inefficiencies and is easier to use, own, and maintain.”

SIMPLEBEEZ is a market challenger in the field of management consulting with a focus on finance transformation. We help companies fulfill their visions and build for growth and sustainability on solid technological process foundations. Above all, we look to build an environment where trust,

cooperation and effective communication between people and teams form the basis for creating added value.

We have been through our own professional challenges in finance and involved with dozens of finance transformations. We know that even the best CPM solution may not always guarantee success, if other non-technological aspects of transformation are not well managed and considered. Partnership with OneStream Software allows us to provide our clients with full-service offerings in all three critical aspects of every successful finance transformation: People, Process, Technology.

About OneStream Software

OneStream Software provides a market-leading CPM solution that unifies and simplifies financial consolidation, planning, reporting, analytics and financial data quality for sophisticated organizations. Deployed via the cloud or on-premise, OneStream's unified platform enables organizations to modernize Finance, replace multiple legacy applications, and reduce the total cost of ownership of financial systems. OneStream unleashes Finance teams to spend less time on data integration and system maintenance – and more time focusing on driving business performance.

The OneStream XF MarketPlace features over 50 downloadable solutions that allow customers to easily extend the value of their CPM platform to meet the changing needs of Finance and Operations.

About SIMPLEBEEZ

[SIMPLEBEEZ](#) is a Czech based consulting company with a focus on finance transformations. We connect people, process and technology and deliver simpler, smarter and meaningful solutions.
